EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please delete withdrawn claims 12, 14-18, 21-27, 31, and 32.

REASONS FOR ALLOWANCE

1. Claims 1, 3, 4, 5, 7, 8, and 28 are found to be allowable.
2. The references cited in this action are merely to demonstrate the state of the art in super critical cleaning of semiconductors.
3. The following is an examiner's statement of reasons for allowance:
4. The applicant has amended claims and now excludes the addition of formic acid as well as any other additional components such as surfactants etc. As the prior art requires either the inclusion of the formic acid or some other additional component now excluded by the instant claims.
5. As for claim 28 the prior art fails to teach the applicant's composition. In particular the composition containing the ion-implanted photoresist residue in combination with the other ingredients was not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).
